Summary of drive from airport

You will commonly see the words "Sirkeci" and "Sahilyolu". Sirkeci is the name of the town where Galata Bridge is located and Sahilyolu means coastal road.

Once you exit the airport make sure you turn right to "Sahilyolu". The second critical place is Yesilkoy Rounabout and there make sure you follow Sirkeci. You will stay on "Sahilyolu" till you make a u-turn at Tophane right across the Istanbul Modern Museum.

Then after 100 meters make a right to "Cukurcuma" and 20 meters later make another right to Taksim. Now you are on Defterdar Yokusu and we will be waiting for you 150 meters up.
