Witt Hotels is fully committed to the principles of environmental sustainability, and in order to minimize environmental impacts, we have adopted the following policy:

1. ENERGY EFFICIENT USE:

We are committed to continuously improving energy efficiency by reducing the energy used in our hotel and utilizing renewable energy sources.

2. WASTE MANAGEMENT:

We aim to minimize waste generation and promote recycling. We review our waste management processes, develop strategies to reduce garbage, and take measures to prevent waste from harming nature.

3. WATER USE:

We adopt water-saving policies to protect water resources. We optimize water usage, prevent leaks, and implement water-efficient technologies.

4. ENVIRONMENTALLY FRIENDLY PRODUCTS AND SERVICES:

By offering environmentally friendly options to our guests and employees, we aim to increase environmental awareness. We prioritize eco-friendly products from our suppliers and encourage practices that support sustainability.

5. NATURE AND ENVIRONMENTAL PROTECTION:

We maintain our commitment to protecting natural areas around our hotel and supporting sustainable tourism. We use natural resources sustainably without harming local ecosystems.

6. EMPLOYEE TRAINING AND PARTICIPATION:

We educate and raise awareness among our employees on environmental issues. We encourage their participation, work together to achieve environmental goals, and promote a culture of environmental sustainability within our hotel.

This policy reflects Witt Hotels' commitment to environmental sustainability, aiming to maximize our responsibility to the environment while providing our guests with a comfortable accommodation experience. By adhering to the principle of continuous improvement, we regularly assess and enhance our environmental performance.
